

# Electrodrive heavy duty Tug range

---

Move very heavy  
wheeled loads or  
equipment safely  
and efficiently.

---

## Safe

Move trolleys and equipment safely by maximising forward vision, reducing the risk of collisions and the risk of back and side strains.

## Simple

No license is required to operate a tug and it is easy to customise attachments to trolleys.

## Strong

Tow up to 20 tonnes with a single operator.

## Quiet

Smooth operation with zero emissions and low maintenance.

## Local

All our tugs are manufactured right here in Australia.
