

Tug Evo POWERED TUG

A powerful machine, the Tug Evo is available in one or two tonne towing capacities.

Ideal for transporting medical carts around hospitals, moving heavy specialist equipment or moving heavy trolleys.

Using the tiller handle to tow the tug, the operator is in front of the load, increasing visibility and reducing the risk of collisions.

Powered towing can eliminate push/pull injuries caused by manually moving heavy trolleys or repetitive movements.

Typical applications

Suitable for airports, factories, warehouses, apartment buildings or large facilities.

Features

Tow capacity	<ul style="list-style-type: none">• Tug Evo 1T: 1000 kg• Tug Evo 2T: 2000 kg (On flat ground)
