

HEAVY DUTY POWERED TUG RANGE

Move very heavy wheeled loads or equipment safely and efficiently.

Safe

Move trolleys and equipment safely by maximising forward vision, reducing the risk of collisions and the risk of back and side strains.

Simple

No license is required to operate a tug and it is easy to customise attachments to trolleys.

Strong

Tow up to 10 tonnes with a single operator.

Quiet

Smooth operation with zero emissions and low maintenance.

Local

All our tugs are manufactured right here in Australia.
